Approval of the transfer of the Company's assets, which constitutes more than 50% of the Company's total net worth:

- a. Transfer and write-off of the Company's fixed assets as capital participation in a Subsidiary.
- b. Transfer and write-off of unused aircraft assets.
- c. Transfer and write-off of Low Value Asset (LVA) and Unit Load Device (ULD).

### LEGAL BASIS

Law Number 40 of 2007 on Limited Liability Companies

Article 102 paragraph (1)

#### **Articles of Association**

Article 12 paragraph (9) letter (a)

The Minister of SOEs Regulation No. PER-2/03/2023 Guidelines for the Management and Significant Corporate Actions of State-Owned Enterprises

Article 176

## **Explanation**

a. <u>Transfer and write-off of the Company's fixed assets as capital participation in a Subsidiary.</u>

- As an effort to accelerate equity improvement, it is also supported by the Letter of the Minister of SOEs of the Republic of Indonesia Number: SK-60/MBU/03/2024 4 dated March 2024 related to the establishment of the Equity Improvement Acceleration Team of PT Garuda Indonesia (Persero) Tbk, the Company plans to increase capital participation in GMF by transferring and writing off fixed assets in the form of Hangars and Supporting Facilities.
- The book value of the Hangar and its Supporting Facilities are USD24,296,398.

#### b. Transfer and write-off of unused aircraft assets.

- The Company has completed the process of returning all CRJ1000 Aircraft to lessors throughout 2022 and 2023, and therefore the supporting assets of the CRJ Aircraft (which are still listed as assets owned by the Company) have become unused assets, as they no longer have a beneficial value for the Company. The Company plans to transfer and write-off these assets. The assets are Engines, APUs, and CRJ1000 Simulators with a book value of USD3,045,532.
- The Company has a program to transfer and write-off unused aircraft assets as stated in the RKAP. The Company is currently still recording the unused engine assets which are old type engines whose aircraft are no longer operated by the Company for more than 10 (ten) years, with a book value of USD146,214.

#### c. Transfer and write-off of Low Value Asset (LVA) and Unit Load Device (ULD).

To improve the effectiveness of fixed asset management, especially non-aircraft fixed assets, the Company
periodically reviews the condition and utilization of those fixed assets. Referring to the results of the review and
inspection that has been carried out, there are non-aircraft fixed assets that are currently in a condition that cannot be
reoptimized in the form of furniture, office equipment, IT goods (computers) that are scattered throughout Branch
Offices and pallets or containers used to load baggage, cargo and mail on wide-body aircraft and certain types of
aircraft such as freighter aircraft. For this reason, the Company plans to transfer and write-off these assets with a
book value of IDR77,533,608.

Approval for delegation of authority for transfer of Company's assets, which constitutes more than 50% of the Company's total net worth.

#### Legal Basis:

- Article 102 paragraph (1) letter (a) of Law Number 40 of 2007 on Limited Liability Companies.
- Article 12 paragraph (9) letter (a) of the Articles of Association.
- Article 21 paragraph (2) letter (d) of the Articles of Association.

#### **Explanation:**

- Until now, the Company still recording negative equity.
- Based on Law No. 40 of 2007 on Limited Liability Companies, what is meant by 'Company Wealth' is all goods, both movable and immovable, both tangible and intangible, belonging to the company. This refers to 'Assets' which in legal and general concepts can be interpreted as wealth owned a party.
- In accordance with the provisions of the Articles of Association, if the Company intends to transfer assets which constitute more than 50% of the total net wealth, it requires GMS approval. So with this negative equity condition, any transfer of assets of any value must obtain GMS approval.
- Taking into account that the Company had previously applied for approval for a transfer of wealth with an insignificant value as a result of its negative equity, the Company proposes for a delegation of authority from the GMS for any transfer of wealth as long as the Company still recording negative equity, by referring to the limits of authority of the Directors based on the Company's Articles of Association and the Decree of the Board of Commissioners No. DEKOM/SKEP/002/2022 dated 12 April 2022.

Changes in the Company's Management.

### Legal Basis:

- Article 14 paragraph (26) letter (a) and paragraph (14) letter (a) of the Articles of Association.
- Article 11 paragraph (12) letter (a) and paragraph (24) letter (b) of the Articles of Association.

### **Explanation:**

This agenda is in connection with a member of the Company's Management who has resigned and whose term of office has ended as well as a member of the Company's Management who has passed away.
